## CABINET HAS APPROVED MESSAGE

Wilson's Trust Communication Ready for Printer-Goes to , Congress Next Week

### **COVERS POINTS COUNTRY** IS MOST INTERESTED IN

Outlines Situation, Suggests Cures, Puts Legislation Up to Congress

WASHINGTON, Jan. 16.—The cabinet has approved President Wilson's anti-trust message, and it will go to the printer immediately and will be read to Congress next week. The message will not suggest specific bills, but will present the present trust situation.

It developes this afternoon that the so-called industrial commission, the appointment of which the message will recommend, will have no powers in court. It is intended that it shall give full publicity to trust legislation, outline what the various sections of the proposed law mean, and place its service at the disposal of corporations to assist in preventing violations of law. It will not be permitted, however, to decide what constitutes a trust, or to tell the corporations how far they may go.

Regarding personal guilt, it is understood the message will suggest automatically fixing the punishment for the various offenses prohibited.

Prior to the cabinet meeting President Wilson conferred with Representative Stanley of Kentucky, who conducted the recent steel trust probe. Stanley said the President outlined the message to ms. He said: "I think it fully covers the points

wherein the country is interested. Best of all, it leaves all deltails of legislation to Congress. It suggests certain conditions that ought to be met, explains them, and states what the President believes are necessary remedies, but passes the responsibility on to Congress.

## CAPT INCH AND HIS OFFICERS CLEARED

Admiralty Absolves Them from Blame for Burning at Sea of Volturno

LONDON, Jan. 16.—The Prominent Men Admiralty Court has absolved of the liner Volturno, which newly appointed minister to Belgium, burned at sea, of any blame, visited President Wilson yesterday and paid their respects. Precedent may be violated, it is stated, and Cantain Inch Wilson Reticent as to Action in Colorada Str may be given another command.

## **ABOUT TWO INCHES** OF RAIN HAS FALLEN **DURING THIS STORM**

The storm brought Santa Ana approximately two inches of rain. It was a well distributed rainfall, the fall varying but a few hundredths of an inch wherever measurements were taken in the valley. Up to 7 o'clock yesterday morning S. Hill & Son's guage showed 1.45 in. for the storm. From 7 yesterday morning to 7 this morning, the same guage showed .46 NEW YORK COMPANY That makes 1.91 in. for the storm and 4.79 for the season. Last winter the total for the season was a little over eight inches.

All over the San Joaquin ranch there was a splendid rainfall and pros-tion with twelve European and Ameri. GEN. CHASE REFUSES TO pects for fine crops have been brighter can concerns, the Gorham Company

than in two or three years.

Lee DeForest, who has had a varied career all over the country as promoter and inventor of telegraph and telephone devices, believes he was saved from prison because two young men who sat on the jury which had him on trial would not vote for conviction on New Year's. DeForest, with two partners, had been on trial in the United States court in New York, charged with misuse of the mails in the promotion of the Radio Telephone Company. The jurors brought in their verdict at 1:15 New Year's morning.

"I believe the spirit of two young jurors in not wishing to convict a man on New Year's day played an important part in the verdict," said DeForest. "I also take the verdict as an approval of

my invention.
"My company has just sold to
the American Telegraph and Telephone Company the patent rights of our long distance amplifier for \$100,000 and with this money my company will be put on its feet again. I intend to show the world I was right."

## GROWTH WAS

Orange Post. While the city of Orange is not the biggest ever, yet it is making substantial growth from year to year. The percentage of increase in building in 1913 over that of 1912 was one hundred and forty six. Out of the \$219,200 building per mits for last year, only \$37,000, permits to the high school, represents money received from bonds. Probably no city in the county, or state, has made a greater percentage of substantial improvements in the last five years, with less public indebtedness, than has the city of Orange. It has put in a complete sewer system with only \$16,000 bonds for the outfall; it has built many miles of cement sidewalk and curb without indebtedness or cost to itself; and it has paved the whole surface of about three miles of the principal streets in the heart of the city with first class paving with only \$5000 bonds for the city's portion of the paving of Plaza Square. All the larger bonds, which by the way, are for moderate sums, are for the municipal water system and the schools. The water system is paying for itself without as much tax upon the users as would be imposed by a private owner for sim-The schools must provided for; but even for them the provision is moderate, care being taken to get the money's worth for

> Installation Postponed The meeting for installation of Pythian Sisters, which was announced for this evening (Friday) has been postponed indefinitely.

C. E. Social Postponed On account of the rain, the Presyterian Christian Endeavor Socia, will not be held tonight.

Missionary Society
The meeting of the Presbyterian Missionary Society which should have been held Thursday afternoon was postponed until next Thursday afternoon on account of the all-day W.C.T.U. meeting.

The regular January meeting will be held next Thursday afternoon at the church.

The Rain
The rain—everybody knows about that. It is keeping some people at home. It is also causing a postponement of social affairs and making things a little quiet in that respect, but how thankful everybody is for it. Every day that it continues to rain brings the orchardist nearer to springtime when frosts shall be over. The rainfall for the last three days in Tustin is 2.05 inches.

Santa Ana High Will Meet Teams from Two Other Schools

The first Orange county debate is to be held this evening at the Inter-mediate High School. The question was given to the contestants last evening, allowing them only one day in which to work out their debate. They have known for some time, nowever, that the general subject would be concerning Mexico, but the particular phase of the question was not given out until twenty-four hours

before the contest. Sides will not be

assigned until thirty minutes before the debate this evening. Each speaker will be permitted to use not over thirty words of notes or reference material. Mr. S. M. Davis, who has offered the splendid cup for which the debaters contest, selected the question for discussion This cup becomes the property for one year of the school with the highest percentage at the close of the second discussion, which takes place on the 20th of next month. Four schools of the county are members of the league, Anaheim, Fullerton, Huntington Beach and Santa Ana. Orange has withdrawn owing to some trouble

about eligibility.

Miss Estella Nisson and Stanley Mansur will represent Santa Ana at home against Huntington They have been working hard for the contest, and unless the Huntington Beach debaters show something exceptional in the line of argument they will be sent home with the small end of the score. Miss Louise Grubb and Donald Stevenson will contend with Fullerton at that place, and will put up a fight that will be har to beat. Both teams have shown unusual ability in their frequent practice debates with each other and it will be a big surprise if both Fuilerton and Huntington Beach are not disappointed at the outcome

The Weston sisters, Catherine, Jullette and Florence, form a musical plainly printed on the bottle. trio of considerable merit, and their appearance before the Orange County Board of Supervisors would certainly give that august body heart trouble for triplets couldn't possibly be more exactly alike—except for a trifling matter of avoirdupois. They have the same features, look as nearly as pos sible of an age, and are of the same height, but one of them, Mr. Clifford kindly explained, eats more than the other two, so she weighs more—and if she appeared in person and demanded that much-talked-of hundred dol lars reward, it would take a large brave man to say "no." Why the hundred dollars is always referred to as a reward is a matter of mystery— it would seem that consolation would be a much more suitable term Ida May, May Collins, and Joe Waldron are among the others of the Clifford aggregation who furnished the laughs last night.

## 'CANDY SHOP'' WILL BE HERE ON FEB. 3

Yesterday Manager McCulloch of the Grand Opera House made arrange ments for the appearance of "The Candy Shop," an excellent musical comedy, at his theater on Feb. 3. McCullock has also booked "Adele for Feb. 23. "Mutt and Jeff in Panama is to be at the Grand next Tuesday McCulloch is conducting the Gran Opera House in a showmanlike man ner, pleasing both the patrons and the companies that play here.

SANTA ANA, CALIFORNIA, FRIDAY EVENING, JANUARY 16, 1914.

## GRAND JURY HAS FILED A REPORT

Sheriff's Administration and Highway Commision Criticised

After sessions lasting over a period grand jury yesterday made its report to Judge West, and was discharged. Sheriff's administration criticised. With but few exceptions, the affairs of the county are reported in good con- tract for drugs and medical supplies

were subjected to criticism.

travagance, but no details are offered. That the recommendation concerning the sheriff's office was a cause of strife in the grand jury room is well known at the courthouse. Some of the grand jurors wanted to make no adverse recommendation. Others wanted to devote a page or two to the office. Two adjournments were made necessary by the institute. the sheriff's office is accused of extravagance, but no details are offered. office. Two adjournments were made necessary by the inability of the nine-teen men to agree upon what should be said. Yesterday after an all day's session the report was adopted.

We recommend in the future that all should have the name of some one of the Highway. Commissioners was adopted.

man G. G. Richards of Orange and pervisors that a certain bill of \$447.75 Secretary Pann was filed with the for detective services, incurred upon

Secretary Pann was filed with the county clerk.

In one instance the grand jury pointed out a condition but made no recommendation. It said that Los Angeles county feeds its prisoners for eight cents a meal, that it costs six cents a meal to feed the indigents at cents a meal to feed the indigents at the county is paying twelve cents a meal to feed its prisoners for eight cents a meal to feed its prisoners for eight cents a the future be completed as soon as the future be completed as soon as prisoners. The obvious conclusion is meal; that the Orange county farm that the county is paying the sheriff feeds its inmates for six cents a meal, too much for feeding its prisoners. While Orange County pays twelve but the report does not say so.

The graphing twelve cents a meal for lead its prisoners is prisoners to eight cents a meal, to eight cents a meal, while Orange County pays twelve cents a meal for its prisoners.

The graphing twelve cents a meal for eight cents a concrete base will justify same.

We make the following statement of Orange County Highway Commission as we found it up to Dec. 1st. 1913: but the report does not say so.

The growth of the county's business

The growth of the county's business is emphasized in brief figures from various offices.

Reference is made to a bill of \$447.40 for detective work, and the supervisors are urgoed to investigate the bill carefully. This is the bill of Samuel Browne, a Los Angeles detective, employed by the district attorney to investigate cases at Anaheim during the saloon fight when each side of committee looking the bill over. There seems little question but that the bill will be passed, as under the law the district attorney has an almost unlimited power in securing detective services if he considered in brief figures from the Gunty Auditor transferred from the Highway Improvements are in progress. The Tra-buco canyon road is in very bad shape and we are informed it is never worked except by the mining company.

We recommend that the cut at the P. E. R. R. crossing on the Pomona road at Brea be widened for safety and convenience of travel; also the road crossing of the P. E. R. R. on when the district attorney has an almost unlimited power in securing detective service if he county is few there repairs or improvements are in progress. The Tra-buco canyon road is in very bad shape and we are informed it is never to reimburse the Current Expense of the Highway Commission prior to the receipt of any highway improvement ment money.

We recommend that the cut at the road at Brea be widened for safety and convenience of travel; also the road crossing of the P. E. R. R. on the Olinda road should be straightened from the Highway Improvement Fund to reimburse the Current Expense of the Highway Commission prior to the receipt of any highway improvement ment money.

The actual amount of the sums drawn on warrants to April 1st, 1913.

The April, 1913, the County Auditor transferred from the Highway Improvements are in provements are in provement Fund to reimburse the Current Expense of the Highway Commission prior to the receipt of any highway improvements are in pr

a few clerical errors that have been Fullerton, Huntington Beach and corrected, which shows the thorough Santa Ana were found to be in exefficiency of those in charge of said cellent shape. We recommend that offices and their assistants and we trustees of all schools see that the found the officers always kind and pupils are well drilled in the use of

that in our opinion should have been property taxes to the amount of \$32,-done by the County Physician. With 294.74, the amount collected as perreference to the Ordinance entitled, some property taxes for the prior year "An Ordinance Providing for the Apwas \$25,579.09, an increase of \$6, pointment of a Health Officer and County Physician, to Protect and Preserve the Public Health, and Definers and Preserve the Public Health (Preserve the Public Health) and Preserve the Public Health (Preserve the Publ ing his duties as such Health Officer and County Physician and of Other Persons," we recommend that the said ordinance be so amended that the service for the treatment of indigents be exclusively in the hands of the County Health Officer, and that none thereof be delegated to other physicians, as we think his salary is sufficient to justify the attention of one man to this work without the assistance of others, which incurs the additional expense upon and above and the response of \$1289.00.

The total number of assessments and by the County Assessor for the past year was 17,273. The number of assessments for the previous year by the County Health Officer, and that in a great many cases the County Assessor has raised the valuation on property and increased the revenue of this county in a subsistance of others, which incurs the assessed valuation of Orange councillations.

## AND Summary of the Report

Supervisors should fully investigate bill of \$447.75 for detective services

during Anaheim saloon campaign.

Sum of \$3000 a year should be used to improve County Park. School buildings as a rule are in good condition. Reports from various county offices show increase of business. Substan

tial increase in assessment shown.

Belief expressed that cost of material and laobr in good roads work can be materially decreased. Other good roads recommendations made. County recorder has not sufficient help. \*

Greater care in drainage and protection districts' business is urged.

Detention Home and jail found in good shape.

dition. Several matters and offices used by and for county work, and rec-

session the report was adopted.

It was read to Judges West and Thomas by Secretary Chris P. Pann, and the original copy, signed by Fore-

## A Potpouri of News and Views

From the Los Angeles Financial News

Establishing Regional Banks

Fourteen cities in the United States will be visited by the Federal Reserve Bank Organization commitregional banks in those cities will be heard. The cities to be visited are New York, Boston, Chicago, St. Louis, Denver, Houston, New Orleans, Atlanta, Cincinnati, Cleveland and the Pacific Coast cities of Los Angeles, San Francisco, Portland and Seattle. Other cities that may desire to present their claims for a regional bank will be heard in the cities nearest those named.

The committee who will hear these claims is composed of two Cabinet officers, viz: Secretary of the Treasury McAdoo and Secretary of Agriculture Houston. Clearing House associations and Boards of Trade in cities that are in the field for a reserve bank will be advised whether they can be heard. Probably two months will be devoted to this work by the committee, which will conclude its work within the time given all National banks to announce their intention of becoming members of the system, this date being fixed under the provisions of the law as February 22. All eligible State banks and trust companies are also permitted to signify their acceptance within the same time.

Whenever it is possible the hearings of the committee will be held in Federal buildings and the dates for these hearings are as follows: New York City, January 7; Boston, January 8, and return to New York for additional sessions on the 9th and 10. The committee will sit in Washington from January 12 to 17; in Chicago, January 19, 20 and 21; St. Louis, January 22, 23 and 24, and Denver January 26. Hearings for the other cities will be held between January 28 and March 1, the dates to be announced later.

In the official announcement by the committee it is stated that "the committee desires to be informed particularly upon the following points, which are considered primary factors in determining the boundaries of the proposed districts and the location of the Federal reserve banks:

"First-Geographical convenience, which involves transportation facilities, and rapid and easy communication with all parts of the district.

"Second-Industrial and commercial development and the needs of each section, which involves consideration of the general movement of commodities and of business transactions within the districts and

Third-The established custom and trend of busi ness as developed by the present bank reserve and checking accounts. In laying out the districts and establishing the headquarters for reserve banks, every effort will be made to promote business convenience and the normal movements of trade and

"Political considerations will not be permitted to influence the committee in determining these important questions. While the committee appreciates the local pride and sentiment which are prompting many cities to urge their claims, the committee nev- statement in which it was shown that 695 applicaertheless must appeal to the patriotism of the country to assist it in arriving at sound conclusions an aggregate capital of about \$250,000,000, so that through consideration of fundamental and vital fac- up to that time, Wednesday evening, National banks

the common good in order that the system itself fied their intention to enter the system. Of the may accomplish the purposes for which it was de- 695 National banks applying, fifty-three are in the signed, namely, to secure to the business of the New England States, 112 in the Eastern States, 191 country the elastic system of credits and the stabil- in the Southern States. 23 ity of conditions so long imperatively demanded.

"The committee therefore will be able to receive delegations urging the claims of particular cities for \$1,000,000 or more, 142 or more have a capital of preference as the headquarters of the reserve banks. from \$250,000 to \$1,000,000, 270 have a capital of The claims of all cities will be considered upon their. from \$100,000 to \$250,000, and 214 have a capital of merits in view of all the facts which will be develless than \$100,000. oped throughout the investigations. The purpose of the committee is to go about this work in a thordue haste and only after full consideration of the needs of every section of the country.

Applications for membership in the new system have poured into the Treasury Department by the thousands. The procedure to be followed by banks which desire to make legal application for membership has been outlined by the committee in an official announcement.

In accordance with this announcement every bank desiring membership shall within sixty days, through its board of directors, pass a resolution certifying its desire to enter the system. It provides for the full acceptance of the terms of the law and expresses the intention of the board to subscribe on behalf of the bank for stock in the proper Federal reserve bank. The filing of this form will be the first step of a bank toward membership. It will have nothing further to do toward coming into the system until the organization committee anonunces the geographical limits of its district and the city where its reserve bank is to be located. Within thirty days after such announcement the bank must take the second step that will bind it to the Federal system. It must begin to put up its money for stock in the district Federal reserve bank. Each bank entering must subscribe to stock in the Federal bank equal to six per cent of its paid-up capital and surplus, but not all of this sum is to be paid at once.

At a meeting of the Los Angeles Clearing House Association, at which twenty-two Los Angeles banks were represented, it was decided to recommend the establishment of one Federal Reserve bank on the Pacific Coast, that one to be located in San Francisco. Resolutions were passed unanimously, which were forwarded to the committee to organize the reserve banks in Washington, and also to the San Francisco Clearing House Association. The reso-

"Whereas, the federal reserve act provides that there shall be not less than eight or more than twelve federal reserve districts, each district to contain only one federal reserve bank, the districts to be apportioned with due regard to the convenience and customary course of business, and also provides that the minimum subscribed capital of each federal reserve bank shall be not less than \$4,000,000, every national bank shall be required and every State bank shall be permitted to subscribe to the capital stock to the extent of 6 per cent of the combined capital and surplus of each subscribing bank; and "Whereas, in order to locate these federal reserve banks properly and equitably, it will be necessary to take into considration the items of convenience, natural course of business, volume of banking business and the future utility and strength of the federal reserve bank to aid trade and commerce as well as the banking business in any given region; and "Whereas, the latest returns from the comptroller of the

currency show substantially the following figures:

Total

State of the Pacific Coast States, including California, Arizona, Nevada, Oregon, Washington, Idaho and Utah, about

Tale capital and surplus of State banks and trust companies in Pacific Coast States, about

"It will be seen that all the banks of the Pacific Coas states have only about 1.15 of the banking capital and urplus of the United States, and as there will be only rom eight to twelve reserve banks, and probably not more than ten, the Pacific Coast States will not in equity be entitled to more than one reserve bank; and "Whereas, the banking capital is \$169,000,000, of which 72,000,000 is in San Francisco alone; and

A regulation issued by the Federal Reserve Bank organization committee Wednesday provides that not need to take out new charters, but both State and National banks become members by making application and by becoming stockholders in Federal Reserve banks. In its announcement the committee also sets forth that action by a board of directors is deemed sufficient to bring a bank into the new system, but advises that banks which wish to be

on the safe side may sound out their stockholders. The San Francisco Clearing House Association has taken formal action regarding the establishment of a Federal Reserve bank in that city, and has sent the following telegram to the organization com-

"Purely local sentiment and pride must yield to National banking capital of the country, had signithe Pacific States. Sixty-nine have a capital of

Forty-nine State banks and twenty-three trust companies also notified the Department of their oughly practical and businesslike way, to accomplish intention to become members. Two of the trust it at the earliest possible moment, but without un- companies applying have a capital of \$5,000,000 or more, and four trust companies have a capital of from \$1,000,000 to \$5,000,000.

Sugar Output at Anaheim

With a record of 20,000,000 pounds of sugar manufactured in its plant this year the Anaheim Beet Sugar factory has concluded its run for this year. The company sliced 75,000 tons of beets, the growers receiving \$200,000.

> They took a little hustle, And they took a little grit,

A little optimism And some "get-up-and-git," A little thought and patience, little effort, too,

A little get-together, A little work-to-do. They took some perseverance And some persistency Some firm determination, Some real consistency

Tenacity and courage They added to the rest; A little public spirit,

Some nerve to stand the test. A little unremitting, Unswerving confidence;

A little plucky plodding, A bit of good horse sense; A little careful planning, A little civic pride. They said, "We'll build a city

Where this old town has died." They organized their forces, Put everyone to work, They pushed the live ones forward

Ignoring those that shirk. They got a lot of members,

And they built a thriving city That is growing day by day. -L. M. Ward, President Texas Commercial Executives' Association.

Asphalt Plant Destroyed

An explosion, said to be due to a defective pipe carrying liquid asphalt from the boilers to the asphalt plant of the Union Oil Company at Oleum, resulted in a fire which caused damage from \$19,000 to \$20,000 and destroying the plant.

Motive Power for Santa Fe

At an expenditure of \$600,000 the Santa Fe Railway has ordered 35 new engines of the powerful Pacific type. The contract was given the Baldwin Locomotive Works of Philadelphia.

### ORDINANCE NO. 104

An Ordinance prohibiting injury to county roads and other public grounds, and fixing a penalty therefor.

The Board of Supervisors of the County of Orange, State of California, do hereby ordain as follows:
Section 1. Every person who wilfully, without malice and without being thereunto authorized by the proper authorities, digs up, plows up, removes, or breaks the earth, soil or store upon, or otherwise injures any county road, public highway, private way, street, alley, avenue or park, or any part thereof, laid out by authority of law, or otherwise dedicated, used, recognized or established as such, is guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding Three Hundred Dollars, or by imprisonment in the county jail, not exceeding ninety days, or by both such fine and imprisonment.

Section 2. This ordinance shall take effect on the 1st day of February, A. D. 1914, and prior to the expiration of fifteen days from the passage thereof, shall be published for at least one week in the Santa Ana Daily Evening Register, a newspaper printed and published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

(Seal) of the Board of Supervisors voting is and against the same.
